Community Updates

- **Pressure Washing:** We are actively pressure washing 59 homes in the community.
- **Tree Removal:** We recently completed the removal of 13 trees across neighborhoods.

MAINTENANCE TIPS

To help protect your home and avoid potential issues, please take the following precautions:

- **Keep your heat on:** Maintain a temperature of at least 65°F, even if you are away.
- **Open cabinet doors:** Allow warm air to circulate around pipes under sinks.
- **Drip faucets:** Let cold water drip from faucets to prevent pipes from freezing.
- **Close windows and doors:** Ensure all openings are sealed to keep heat inside.
- **Report issues promptly:** If you notice any leaks or problems, contact the office immediately.

Your comfort is our priority. Thank you for taking these steps to protect your home during the cold weather.
