Maintenance Tips

- .Remove hoses from faucet to prevent bursting
- Insulate hose bib with faucet cover to help prevent freezing and bursting
- Clean dryer of lint to increase efficiency and save electric or gas usage...
- Use disposal cleaner or citrus (orange, lemon) peels in garbage disposal to clean and deodorize
- Make an emergency preparedness kit for loss of power/ water for cooking and small children's needs such as bottled water, alternate means of heating/cooking food or bottles, baby wipes for cleaning , etc..
